Municipal Budget Estimates of
the Municipal Division for 1877-78

Letter No. 876 dated 14th May 1877 from the Dy. Accth. General in Mysore.

With the above, the Dy: Accth General returns duly checked, the Budget estimates of the 15 Municipalities in the Bangalore district for the year 1877-78; and the Sub: joined table shows at a glance the income and expenditure of each Municipality.

Name of Municipality	Estimated Income	Balance from last year	Total gross Income	Estimated Expenditure	Balance
Anekal	460	-	460	366	94
Channapatna	1070	-	1070	769	301
Closepett	1060	-	1060	746	314

Vadaganahally	162		162	146	16
Yellahanka	298	-	298	257	41
Bomasandra	270	-	270	237	33
Total	7821	-	7821	7270	551

2 It is reported that in these two Municipalities, Rs 63 for Anekal and Rs 137 for Sirsapur, had been overdrawn from the Treasury during the year 1875-76. To refund these sums, the Commr has reduced the provision under "Repairs" in the Budget of the former, to Rs 37, and has altogether struck out the both provision under arsenal works and Repairs in the Budget of the latter.

3 The foregoing alterations may be sanctioned; but the Dy Commr may be requested to explain why these sums were not adjusted up to this date

4 The receipts are estimated at Rs 1060 against Rs 745 of last year. The income expected under the head "Miscellaneous" is Rs 430 or Rs 240 more than that of 1876-77. This estimate is not warranted by the actuals of 1875-76 and of the first six months of 1876-77, which amounted to Rs 184-11-6 and 49-7-2 respectively and may therefore be reduced to Rs 200.

The estimated charges under all heads amount to Rs 746 against Rs 744 of the previous year. The provision includes the sum of Rs 60 which is to be refunded to the Municipality of Belloor being the balance remaining in the hands of the Chairman of the Belloor Union after the completion of the Bridge across the Belloor Channel. It appears that there was no balance remaining in the hands of the Chairman of the Union as it is now known but that there was a balance of Rs 60 which was ordered to be refunded to the Municipality of Belloor by the Collector in his proceedings dated 12th March 1875 but has not been actually refunded. The actual amount to be refunded is entered in the Budget under the head "Deposits" and the provision of Rs 60 made in the Budget for 1877-78 is therefore unnecessary. The 3rd clause of the Resolution of the Government of Fort St. George dated 12th June 1876 sanctioning an advance of Rs 435 made from

from the Imperial funds under the authority of the Chief Commr Proceedings Nos. 5073/83 dt 12th October 1874.

6 The income of this Kankanhally Municipality is estimated at Rs 395 as against Rs 750 of the previous year. The receipts under "Miscellaneous" are Rs 15 against Rs 250 of 1876-77 The accruals under this head of the first 6 months of 1876-77, were nil The estimate may however be allowed to stand as it is apparently based on the accruals of 1875-76 which amounted only to Rs 11-2-.

7 The total charges are estimated at Rs 630 or Rs 235 more than the estimated income of the year. The probable

balance on hand on
1st April 1877 is not
stated. Nor is it
said from what source
the excess outlay has

Magadé 8. Towards the improvement of the town of Magadé, there was, last year, a contribution of Rs 1000 by the Municipality. In addition to this, the Chief Commr authorised the sale proceeds of building sites in deposit, viz Rs 1741-0-8, being transferred to Municipal Funds, and expended on the work. Excluding these, the estimated revenue for the past

Nelvangal

10 The "conservancy" establishment in all the Municipalities remains the same as last year, except in Nelvangal where it is less than that of the previous year by Rs 12. From the particulars of the establishment now furnished, it would appear that the scale consists of 4

Sweepers

Sweepers at ₹ 4 each per mensem, and may be sanctioned.

11. In all the Municipalities the charges under 'Head offices' are the same as last year.

12 Dowcasandra is a new Municipality, sanctioned last year Its expenses are estimated at ₹ 270 and the Receipts at ₹ 237. The Collection charges are fixed down at ₹ 10 and the Conservancy establishment comprises 2 Sweepers at ₹ 8 each per Mensem. The outlay on "Public Works" is ₹ 150 of which ₹ 100 are allotted for "Irregular Works" and

13 The Estimates of the other Municipalities call for no Special remarks inasmuch as they do not exhibit any noticable fluctuations in their Receipts and Expenditure

14 It is to be observed that in all the Municipalities, except Anekal, and Serjapur, and Hoskota, there have been no actual collections under the head "House Tax" during the first 6 months of 1876-77.

Explanation should be called for on this head

The same omission was made last year in the budgets of Anekal and Devanhelly. This was pointed out + and the Excise Commissioner ⊕ requested by the Govt. Commr. for the effect that it was the practice in some of the Talugs for defer the collection of the arrears of house tax due in one year till time for the demand for the next year arrives. This was considered as objectionable. Nevertheless there seems to have been no attempt made to collect a portion of the tax during the first half of the year 1876-77.

Extract from Bangalore
letter No. 1107 of 15-3-77
from Mundra

Report, on the Budget Statement of the Several Municipalities in the Bangalore District for the year 1877-88.

The estimated approximate receipts for 1877-78 is compared with the realizations of the previous year in the following table

	1876-77	1877-78	Increase	Decrease
II. Taxes, on houses	3772	4192	420	"
IX. Sales of house sites & taxes	"	"	"	"
X. Fines	122	300	178	"
XI. Pounds	1774	1890	116	"
XII. Miscellaneous	1201	1439	238	"
XIII. Contributions	1000	"	"	1000
Total Rs	6869	7821	952	1000

The increase of Rupees 952 is thus explained

Taxes, on houses

Municipal Rules are to be introduced into to the Town of Domasundra of the Anekal Taluk, whereby, an increase of Rs 200 is, anticipated, As the Municipalities in the District have been improving day by day the old, and vacant house-sites in them were purchased by the residents & houses built thereon, for which Municipal house taxes were

were imposed, hence the total increase of Rupees 952

Fines

The increase of fines is also attributable to the reasons stated above.

Pounds

An increase under this head is also anticipated in consequence of the new municipality of Domasundra

Miscellaneous

The increase under this head is attributable to the dismantling of Fort walls in several Municipalities, as sand income is expected from the sale-proceeds of Stones &c

Contributions

In consequence of the present distress no contributions are expected

Sale of houses Sites & Lands

The amount realized under this head is not taken to the municipal funds but credited as renewed deposits under the circular orders of the Chief Commissioner for remunerated works hence the receipts are not shown

Expenditure

The following is the charges under different heads.

Collection	1877-78
I Taxes on houses	204
II Head of fixed Charges	369
III Public Works.	
Original	1930
Repairs.	1260

V Conservancy 2376

VI Miscellaneous

1 Repayment ——— 109.
2 Cattle Pounds charges ——— 240.
3 Miscellaneous ——— 210
4 Compensation ——— 585

Total Rs 7283

The Sum of Rupees 109 is the 3rd instalment towards the adjustment of advance made from Imperial Funds for the construction of drains at Blaupet-

The Compensation of Rs 585 comprises the amount payable to the parties whose lands have been taken up at Hoskote, Kankanhalli, Magadi &c. The lands taken up at Magadi is for the improvement of the Town, the same will have to be met from the amount of Sale proceeds of lands, credited to the revenue deposit as recommended from this office

Conservancy

The cost of conservancy is increased from 2304 to Rs 2376. owing to the extra conservancy for the Town of Domasundra

No. 1107.
To

The Commissioner of the
Tundidroog Division

Sir

I have the honor to submit the Budget Estimates of the Municipalities in the District for the year 77-78, and beg to offer the following observations thereon.

2- The details of the Budget for this Municipality were discussed by the Members and adopted in their Proceedings dated 27th October last. A copy of these Proceedings was submitted to you with this office No. 667 of 14th November last, and no further Comment on this Budget seems therefore necessary.

3- The receipts in this Municipality are estimated at Rupees 50/ less than that of the year 76-77. The decreases in the items of fines and miscellaneous collections as follows:

Items	Estimates of 1876-77	1877-78
Fines	36	6
Miscellaneous Collections	30	12

4. The actuals under the above headings for the first 6 months of the current year being nil the estimates for 77-78 shows less income.

MYSORE COMMISSION

5. The items of expenditures are the same as those of the previous year excepting original works for which nothing was provided in 76-77. A Sum of Rs 200/- is allowed for these works in the Budget under review and the Expenditure on repairs reduced to Rupees 96 from Rs 196 in the Current year.

6. The amount provided for Original works is intended for Constructing additional Drains which this Town stands in need of.

7. The total expenditure provided for in the Budget thus amounts to Rupees 550/- against Rupees 450/- entered in the Crrent year's Budget leaving a Surplus of Rupees 94 in the hands of the Municipality.

8. The receipts of this Municipality are estimated at Rupees 800/- against Rupees 1010 in the Budget of the current year. The decrease is in the

the items named below:-

Items	Estimates 1876-77	1877-78
Fines		5 " — "
Pound realizations	650 " — "	470 " — "
Miscellaneous Collections	60 " — "	25 " — "
Total	710 " — "	500 " — "
Difference — less		210 " — "

9. These Estimates are based on the actual Collections of the first 6 months of the current year, and hence the decrease

10 The items of Expenditure in this Municipality are the same as in 76-77 with the exception of the following:

	1876-77-	1877-78
Original Works — "		300
Repairs —	412.	234
Total	412.	534

11. The provision for original Works is intended to provide for a better drainage system in the Town than at present existing; V shaped drains are greatly needed and are therefore provided for in the Budget

12. The reduction in the provision for repairs is in consequence of sufficient outlay having been sanctioned in the current year.

13. Pounds. The receipts from Pounds in this Municipality are estimated at Rupees 210/- against Rupees 350/- entered in the Budget for 77-78. This is due to the low amount of Collections realized under this head during the first half of the Current year namely Rupees 59/-

14. On items of Espenditure, the provision for public works and Conservancy Charges in the Budget under Considerations differs from that of the Current year as below:-

	1876-7	1877-8
Original Works	3,746	1250
Repairs	1179	1330
Conservancy	570	636
Total	5495	2,216

15. The principal original Works needed in the Town having been sanctioned in 76-77 the provision for 77-78 is intended solely for Drains and certain branch roads inside the Town.

16. The amount of Compensation that will have to be paid in making out the branch roads is included in the item of repairs but should have been shown separately.

17. The excess in the charges for Conservancy Establishment is the amount of increase provided for the pay of the Municipal Scavengers. The prevailing rate of pay

pay namely Rupees 3/- is considered inadequate and in accordance with the scale of pay sanctioned in the Tumkur Municipality Rs (4) is provided for in the Budget under Consideration.

18. After all provision for necessary Expenditure a sum of Rupees 886/ is estimated as remaining to the credit of the Municipality at the close of the year

19. In the following Municipalities house Tax was introduced and octroi duty abolished. Hence the Budget shows a great difference in the items of receipts, These Municipalities are,

I. Kortigere
II. Turuvekere
III. Sira
IV. Chikkanayakanhalli
V. Mudgeri
VI. Kunigal and
VII. Huliyurdurga.

The Budgets of these Municipalities are noticed below Seriatim.

20. The total receipts are estimated at Rupees 400/- against Rs 121 in the Budget of the Current year, The increase is in the items of Realizations from House Tax and Pound Collections, Under the latter heading Rupees 125/ has been

been entered on the actuals of the first 6 Months of the year

21. The expenditure provided for is the same as that passed in the Current years Budget save the entertainment of a Buffalo the cost of which at Rupees 6 per mensem has been added.

22. To remove the Sweepings from the Town the buffalo is considered necessary and cheaper than a Cart.

23. On public Works the provision is as follows.

Original Works Rs. - 100
Repairs — . — 78
178

The original Works are mainly Drains which the Town is in much need of.

24. As the realizations under the headings "fines" and "sale proceeds" of manure &c for the first half of the current year have amounted only to one Rupee, the receipts under these heads are estimated much less, than in the previous year,

The total income is estimated at 560 Rupees.

25. Except on Public works the charges of expenditure are the same as those Sanctioned in the previous year, On public Works the provision is made with reference to the funds available

26 The want of funds in this Municipality was much felt during the early part of the current year, The realizations from Cattle Pounds having fallen much below the estimate and the season for collecting the House tase not being then due, the pay of the Municipal Establishmat fell heavily into arrears. Matters have now improved and the Reciepts of House Tase have realized enough to pay off the arrears. The present Budget is drawn up with Considerable Caution and even of the low amount of receipts under the Heads, Pound Collections and Fines, fall short of the Estimate, the Surplus of the current year will enable the Servants being punctually paid. Adequate provision has also been made for Public Works needed in the Town-

27- The receipts from the items of Pound and Miscellaneous Collections are estimated much less than in the current year Owing to actuals having fallen Considerably Short of the estimates, but the introductions of the House tase has added much to the income of the Municipality. The receipts are thus estimated at Rs. 1250/- against Rs. 490/- in the current year, and accordingly ample

ample provision is made for public Works with a view to Constructing & ~~Repa-~~ ~~rations~~ and repairing the Streets.

The Conservancy Establishment is not altered -

28- Except in the amount of receipts from Pound Collections and Expenditure on public Works, the budget of this Municipality now under consideration is the same as was passed for the Current year. The Pound collections are estimated on actuals of the first half of the Current year and a sum of Rs. (200) is provided for Drains for which no amount has been Sanctioned in the Current year.

29- The amount of receipts is very nearly the same as that entered in the Current years Budget, but the amount provided for Expenditure is much less as the large Works of Levelling the fort wall Sanctioned in the Current year has exhausted the funds.

30- The actual amount of Collections from Pounds having fallen short of the Estimate of the current year, the Budget under consideration shows less income under this head, but the amount of house tax Counterbalances this falling off. The total receipts are thus estimated at Rupees 1 and

The whole of this amount is proposed for Expenditure: the provn. for public Works being Rupees (100) on Drains and Rs 80 on ordinary repairs of the Streets.

Order thereon

With the second of the letters above quoted, the Dy Acctt General submits, duly checked, the Budget estimates of the Municipalities in the Bangalore District for 1877-78.

Anekal & Sirjapur

2 To enable the Municipalities of Anekal and Sirjapur to refund Rs. 63 and Rs. 137, which they have respectively overdrawn from the Treasury during the year 1875-76,

the Commissioner has reduced the provision under "Repairs" in the Budget of the former to Rs: 37, and has altogether struck out the provision under both "Original Works" and "Repairs" in the Budget of the latter. These alterations are sanctioned, but the Commr. will call upon the Dy. Commr. to explain why no steps were taken to adjust the sums earlier.

3 The estimated income under "Miscellaneous" is put down at Rs 430, or Rs. 240 more than that of 1876-77, ~~and~~ which is not warranted by the actuals of 1875-76, and of the first six months of 1876-77, which amounted to

Closepet.

to Rs. 1:84-11-6 and Rupees 49-7-2 respectively. The Estimate is, therefore, reduced to Rs. 200.

Kankanhully and Nagadi.

4 The total charges proposed for these two Municipalities exceed the estimated income by Rs. 235 and 489, respectively, ~~Explanation is requested as to from what~~ The source from which the excess expenditure is proposed to be met should be reported.

5. In all the Budgets the cash balances of last year have not been entered, even approximately. The Dy. Commr. should be called upon to submit at once a statement showing the balances, if any, which actually remains

remained to the credit of each Municipality on 1st April last.

6 In all the Municipalities, except Anekal Sirjapur and Hoskota, there have apparently been no actual collections under the head "House Tax" during the first 6 months of 1876-77. Explanation is requisitioned on this point. A similar omission was noticed last year in Chief Commissioner's Pro No. $\frac{567}{155}$ dt 4th October 1876.

7 With the modification noted in para 3 the Chief Commissioner sanctions the Budget Estimates of all the Municipalities, except Kankanhally and

Sir

With reference to your No. 384 of the 27th June last, giving cover to copy of the Chief Commissioner's Proceedings No. 819/60 of the 20th June, I have the honor to report as follows.

I In regard to the overdrawal of certain sum of money from the Treasury during the year 1875-1876 on account of Anekal and Surjapur Municipalities, I have to explain that the money was drawn on the certificates of the Treasury Officer. These certificates were issued on the wrong figures of Receipts and Balances kept in the Treasury. The Treasury Officer has been instructed on more than one occasion to correct the figures in his accounts; and the Deputy Accountant General has likewise been requested to authorize the Treasury Officer to do so.

II I beg to add that the Excess Expenditure proposed in the Budget for Kankanhulli Municipality may be met from the previous year's balance viz. Rs. 502. 6 6

I beg to return the Budget of Magadi Municipality duly corrected with reference to the Estimated Revenue, and requests that the same may be sanctioned.

II Owing to the prevalence of famine there was no collection under the head House tax during the first six months of 1876-77-
